

2011 Opening Event - Eurostars and Eureka Clusters

19 January 2011
ISO – Odakule Hall - Istanbul, Turkey

TUBITAK (The Scientific and Technological Research Council of Turkey) is organising a Joint Eureka Event on 19 January 2011

The aim of this event is to provide detailed information about Eureka Programme, Eureka Clusters and Eurostars Programme to interested stakeholders and promote their participation to the next Calls.

Event Target Audience is; companies (SMEs and Large Firms), universities and R&D institutions (can only participate as subcontractor) in international R&D cooperation.

Topics; the event is focused on the following components of Eureka Programme

- EUROSTARS is a European research and development programme. It can address any technological area, but must have a civilian purpose and be aimed at the development of a new product, process or service.
- CELTIC PLUS is a EUREKA cluster and the only European R&D programme in ICT fully dedicated to end-to-end telecommunication solutions.
- ITEA2 is a EUREKA cluster and a strategic pan-European programme for advanced pre-competitive R&D in software for Software-intensive Systems and Services (SiS).
