We Live in a Quantum World

March 15 2023, 12:10 - 13:00 (GMT +3), Gebze, TÜRKİYE

Angelo Bassi
University of Trieste, Italy

We are made of atoms and atoms quantum. Therefore we are quantum. But what does that mean? What is quantum mechanics precisely? We will present a journey through the quantum world and its most counterintuitive features; a journey, which will end with one of the biggest mysteries of modern physics.
